Volunteers Needed!
MAS MBC Capstone Symposium
Tuesday, June 11, 2019

Event Description:
The MAS Marine Biodiversity & Conservation Program trains the trailblazers of tomorrow through an interdisciplinary, hands-on curriculum in oceanography, marine biology, communication, economics, justice, law and policy. As their final project, each student designs a collaborative Capstone that applies the knowledge gained over the year and has a real-world application in the field of conservation.

The 2019 Capstone Symposium celebrates the 25 graduating MAS MBC students as they present their Capstone Projects to Scripps faculty, Capstone committees, staff, peers, friends and family. This exciting event is free and open to the public - we hope you join!

Volunteer Duties:
- Help ensure sustainability and zero-waste goals are met by:
  - Educating guests on compost and recyclable materials;
  - Monitoring compost and recycle bins to ensure proper disposal;
  - Replacing used dishware with clean plates, utensils and cups;
  - Washing used dishware and maintaining consistent availability of clean dishware;
  - Answering guests’ questions about zero-waste opportunities, the importance of sustainability and Scripps/UC San Diego’s institutional goals;
- Facilitate a pleasant guest experience by:
  - Welcoming guests and directing flow of guest traffic;
  - Ensuring there are sufficient dishware, utensils, cups and napkins for guests during reception and refreshment breaks;
  - Replacing filled compost and recycling bins when necessary;
- Volunteers will check in with and take direction from MAS Program Coordinator during their shift.

Shifts needed (in order of priority):
5:15-7:30pm: 2-3 Volunteers
11:30-1:30pm: 1-2 Volunteers
10-11:30am: 1-2 Volunteers
